IIM Indore Testimonials

Students share their experience with AceIPM

Apart from quality content, relevant mocks and exhaustive PI prep, what really stood out for me was the mentorship and constant guidance of Swapnil bhaiya. Without his guidance I surely wouldn't have been able to get into IIM Indore.

Anirudh (AIR 6, IIMI)

AceIPM has been my best decision in the IPM journey. The quants course is so well designed that it takes you from absolutely zero all the way up to mastering the topics. The live classes right before the exam were a cherry on the cake. The quality content is what makes AceIPM the best in the business.

Yash Jain (AIR 13, IIMI)

AceMocks helped me find out where I exactly stood and spotlighted my weak areas, which were efficiently filled in by in-depth conceptual lectures. The PI prep course was engaging and insightful. I am indebted to the AceIPM team for their constant guidance and support!

Siddharth Sirohi (AIR 18, IIM Indore)

AceIPM's video lectures helped me achieve conceptual clarity as Swapnil bhaiya teaches everything from scratch. The Mock tests and PI prep were at par with IPM and the VA tests were challenging and fun, overall it was a great experience.

Kushagra Sengar (AIR 47, IIM Indore)

AceIPM was the best thing that happened to me during my IPMAT preparation. With teacher cum mentors like Swapnil bhaiya and Saksham bhaiya, IPMAT feels like a piece of cake now. So thank you again, AceIPM. I really owe my success to you.

Sahil Gupta (AIR 26, IIM Indore)

Joining AceIPM was the best decisions I have ever made. Under Swapnil bhaiya's guidance, cracking IPMAT was made significantly easier. The team is there with you at every step of the journey be it conceptual clarity, revision classes, or mocks and PI preparation.

Dhruv Singh (AIR 27, IIM Indore)

Acemocks were the main reason I cracked IPMAT. Their exam-relevant questions along with their detailed solutions helped me strengthen my foundations and benchmark myself against the competition. In addition to this, their mock PIs with seniors were extremely insightful. The lectures covered everything from the basics to the topics necessary for IPMAT, they were structured properly and having one of the best teachers in the form of Swapnil bhaiya contributed heavily to my success. I strongly suggest AceIPM to every aspirant and hope that we'll be able to meet in IIM-II!

IIM Rohtak Testimonials

Students share their experience with AceIPM

The AceIPM team was supportive and provided helpful content with varied difficulty levels right from the beginning. The AceMocks and mentorship sessions were the real game-changer. The entire team put in a lot of effort to make the learning experience efficient and fun!

Sejal Palarpwar (IIMR)

AceIPM's self-paced course was a perfect fit for me, allowing me to learn completely new QA topics from scratch to advanced. Quality guidance from the team played a key role in my journey to IIM Rohtak as well as other entrance prep. Without a doubt the best set of IPMAT tutors anywhere.

Ashish Ranjan (IIMR)

AceIPM, unlike most other coachings, paid individual attention to each student. The pedagogy was unique as it was students from IIMs that taught us.

Nirbhay Kushwaha (IIM Rohtak)

AceIPM has been a constant companion in my journey to IIM! It has an excellent mentoring team as well as the course content. They are always ready-to-help team, their crash course and the encouraging comments and feedback AceIPM mentors gave as part of the PI prep course helped me sail through IPM.

Aastha Verma (IIM Rohtak)

Best place for IPM prep. Swapnil bhaiya is not only a teacher but a friend, brother, and guide who provides the best possible mentoring. Also, around 60-70% MCQ section came from AceMocks. Totally worth it! TRUST ME!!

Dhaarna Gupta (IIM Rohtak)

My overall experience with AceIPM was really good! The way this was planned and executed is what it distinguishes it from other coaching. And the best part of the whole course was Swapnil bhaiya's classes and constant guidance.

Komal Soni (IIM Rohtak)

AceIPM brought variety in the questions and in the difficulty of them which I was not previously exposed to. The mocks were very pivotal in my journey as they turned out to be very similar to the original exam. Their PI prep also helped me a lot as the feedback reports were very detailed and they told me exactly what I had to improve on. I would like to thank AceIPM for being the best mentor I could find.
